

Getting Your Data Right for the APR

September 4-September 21, 2018	MOSIS ID Clean-up for 3 rd party CCR data. DESE will obtain the assessment results for the 3 rd party assessments, ACT, etc. from the testing companies. The assessment records will run against the MOSIS ID system to obtain the MOSIS ID for the student test. To help obtain the MOSIS ID for the remaining assessment records, DESE will create a trial for each district and charter school containing the assessment records that do NOT have a MOSIS ID.
September 24, 2018	Districts will have a complete and final dataset of all CCR assessment data. Corrections for CCR assessment data will begin processing.
Week of October 29, 2018	SY 18 MAP Data Available—Secure View
October 29- November 9, 2018	SY 18 MAP Assessment Scores-Appeals
November 9, 2018	To guarantee that data changes are included in the Preliminary APR Preview, data <u>must</u> be certified by 5:00 pm
Week of November 12, 2018	All MAP assessment administrative anomalies and CCR assessment corrections received by 11-9-18 will be processed and reflected in the detail APR reports.
Week of December 3, 2018	APR Preview—Secure and Preliminary APR Final Appeals
December 7, 2018	SY 18 MOSIS Data for the CCR, attendance, and graduation standards of the Final APR will freeze at 5:00 pm.
December 17, 2018	APR Final—Secure

APR Data Checks:

- ✓ Check for duplicate/multiple MOSIS numbers of your 2018 graduates (Incomplete data sets).
- ✓ Check that the April Student Core for each student is coded accurately (key fields are NotFAYSchool, NotFAYDistrict, LEPELL, MonthsUSA, and IEPDisability).
- ✓ Check the course numbers utilized for AP, IB and Advanced courses in the October cycle.
- ✓ Check to make sure courses that are being offered for dual credit have the dual credit site marked as district. In addition check the college/university in which the dual credit is being offered to make sure it is on the list of dual credit approved sites and that you've used the correct code for the college or university.
- ✓ Check courses that are being offered off campus as dual enrollment classes have the dual credit site marked as college.
- ✓ Check that the grade earned in dual credit or dual enrollment courses are coded correctly.
- ✓ Check to make sure your graduate follow-up file is accurate.

- ✓ Check any potential discrepancies identified in the state-level violation report in your June Student Core, Enrollment and Attendance submission.
- ✓ Check that Hours of Attendance + Hours of Absence submitted in MOSIS equals calendar hours submitted on Screen 10 of Core Data.
- ✓ Check that 9th grade student entry codes are accurate (regular grade progression from the 8th grade in a middle school building to the 9th grade in a high school building is R101 – Remained Advanced. If a high school student is new to the Missouri public school system, report accurate school year for FirstFreshmanYear, school year 2017-2018 is reported as 2018.
- ✓ Industry Recognized Credential (IRC) data is collected separately from Technical Skills Attainment (TSA) data in MOSIS June Student Core, Enrollment and Attendance.
- ✓ Check the accuracy of dropouts that you reported by Cohort. Then determine how to recoup dropouts when possible. Dropouts will need to be recouped by September for accountability purposes. If you recoup a 2017-18 drop in November 2018 that student will remain a drop for accountability.
- ✓ Check that you have a MAP score for each student when MAP results come in.
- ✓ Check that you have the required EOCs for each of your seniors.
