

APR Deep-Dive: Are We Success Ready in Success Ready?

The Success-Ready component of our APR only makes up 10% of the Performance portion and 6% of the Continuous Improvement area, yet plays a major role in our students' futures. Join us for this hands-on, in-person workshop as we take a deep dive into YOUR district's APR data and district offerings to see how you can help improve your Success Ready measures. We will also look at specific district offerings to see how we can help prepare students to be success ready in post high school life. Attendees are being asked to bring a copy of (or have access to) your district's APR from the last three years, including any supporting documentation related to the Success Ready component.

Target Audience: Curriculum Directors, Administrators, Instructional Coaches or lead teachers assigned to the duty of overseeing data and APR review

Time: 9:00 am - 2:00 pm w/ lunch provided
