

Curriculum Training: Level II Moving Beyond the Basics

This webinar is being offered as 2 ½ hour mini-sessions in place of a full day webinar.

The curriculum is written, but what now? How do we know it is working? What do we do now? How do we evaluate our curriculum? This advanced workshop takes the information from Curriculum Director Training Level I and goes beyond the classroom to look at the curriculum from an outside view.

Session 1: During session 1 of this series, we will take a look at those items which can enhance your district's curriculum experience. We will explore the importance of consistent shared vocabulary, the need for district handbooks (such as curriculum handbooks and district assessment plans), and working with the curriculum evaluation rubric.

Session 2: We will wrap up the webinar series by discussing the collaborative process and its role in curriculum, while also taking a look at ways to review data to better understand the impact of your curriculum.

Target Audience: Curriculum Directors, Administrators, Instructional Coaches, content teachers looking to increase student engagement in their classrooms.

Materials Needed/Interactive Level: Low to Mid-level interaction. Participants will have some opportunity to share their reflections and insights with fellow participants.
