

Developing Quality Aligned Assessment

Quality assessments start with clear alignment to the standards. In this session, educators will explore the key components of a **high-quality assessment** and walk through a practical process for designing and auditing assessments that truly measure what students are expected to learn.

Participants will:

- Learn a step-by-step process for writing assessments that reflect the **Missouri Learning Standards**
- Use audit tools to evaluate assessment quality and alignment
- Engage in hands-on practice to review and analyze sample assessments for alignment and rigor.
- Explore the use of **MoLEAP Blocks** and other tech platforms to support assessment development

Whether you're writing assessments from scratch or reviewing existing ones, this session will provide valuable strategies and resources to strengthen your assessment practices and support meaningful instruction.

Target Audience: Curriculum Directors, Administrators, Instructional Coaches, and content teachers looking to increase student engagement in their classrooms.

Materials Needed/Interactive Level: Participants will have multiple opportunities to share their thoughts and ideas with other attendees.

Time: 9:00 am - 2:00 pm (lunch break @ 11:30)

Note: This training is eligible for districts that have previously purchased Special #1 or the Unlimited Webinar package. Please enter Special #1 or Unlimited in the PO field.

Special Membership Add-On Packages:

- **3-day Webinar Training Special!** Take advantage of the 3-day **WEBINAR** training special for \$240 (a savings of \$60.00!) The trainings included in this special are only the ones listed as webinar trainings on the **Core Processes + Development page**. Any staff member from the district may attend.
