

Welcome to the 2026 Spring Regional Meeting!

## AGENDA

**Item One: DESE review:** 15 Minutes-This is our regular review offered at all regional meetings. Items will be added to this agenda as available

**Item Two:** Questions from the floor. Participants may ask questions and seek clarification on issues that are important to our work.

**Item Three:** Literacy Plans: 15 minutes-This item is provided as an update on our first in-person meeting on January 8<sup>th</sup>, and any updates since then.

**Item Four: Partnering Assessment with Tier I Instruction:** Two hours- This is the third of a three-part series focusing on Whole Group/Tier 1 Instruction. Tier I Instruction and assessment go hand-in-hand when it comes to ensuring our whole group learning is hitting the mark. During our time together we will review:

1. Review the types of assessments that work best with whole group instruction (both during and after)
2. Explore how to create and sustain the practice of ongoing assessment and reteaching
3. Share a few examples of best practice

**Our Spring Regional Meetings also serve as a kick-off to our annual membership drive so everyone attends free of charge!**
