

Gain Clarity, Alignment, and Rigor with SMCAA Curriculum Audits

As a curriculum leader, ensuring consistency and quality across every classroom is a massive undertaking. SMCAA's **In-District Curriculum Reviews & Audits** act as an extension of your team—providing an objective, fresh perspective on your district's instructional framework.

We partner with Missouri school leaders to deliver clear, data-informed roadmaps for instructional excellence.

Key Deliverables:

1. **Content & Coverage Audit:** Identify strengths and gaps in state standard alignment.
2. **Structural Unit Review:** Analyze instructional flow, horizontal alignment, and unit cohesion.
3. **Assessment Check:** Ensure assessments align seamlessly with instructional targets.
4. **Team Debrief Session:** Participate in a concise strategy session to walk through findings with your leadership team.
5. **Actionable Written Report:** Walk away with concrete recommendations tailored to your district's next steps.

Optional Add-On: Pair your review with an expanded analysis of MAP assessment data (Grade-Level, EOC, MAP-A, and WIDA) to align curriculum design directly with achievement data.
