

Customized Professional Learning: Tailored Development & Coaching for Your District

At the [Show-Me Curriculum Administrators Association \(SMCAA\)](#), we believe that curriculum is the heart of our educational mission. A robust curriculum provides the foundation for exceptional teaching and learning, but we recognize that districts often need specialized, flexible support that goes beyond standard curriculum writing and implementation.

To help your schools thrive, SMCAA offers customizable in-district professional development and direct coaching services designed to address your district's specific priorities, goals, and instructional challenges.

Specialized Training Topics

In addition to our statewide conferences, symposiums, and regional events, SMCAA delivers high-impact, expert-led workshops directly to your school or district. Popular topic areas include:

- Curriculum & Instructional Planning
 - Curriculum Writing & Implementation
 - Understanding by Design (UbD)
 - Non-Core Curriculum Support
- Assessment & Data Literacy
 - Developing and Using Proficiency Scales
 - Standards-Based Learning
 - Deep Dives into Understanding Your APR (Annual Performance Report)
- High-Impact Classroom Practice
 - Champion Teaching
 - Maximizing Student Engagement
 - Delivering Quality Feedback in the Classroom
 - Designing & Using Learning Stations
 - Integrating Literacy in Content Areas

Any of SMCAA's core process and development training sessions can be adapted, or we can design brand-new workshops on any topic related to curriculum, assessment, or instruction.

Personalized Coaching & Flexible Delivery

Professional growth happens best when learning is sustained and supported. Beyond whole-staff workshops, SMCAA provides targeted support options:

- Instructional Coaching: Tailored coaching sessions for individual teachers, grade-level teams, or department leaders to build capacity and refine classroom practice.
- District Leadership Partnering: Collaborative support for curriculum leaders and administrators as you navigate state frameworks, district reporting, and systemic instructional improvements.
- Flexible Scheduling: Delivery formats designed around your district's calendar—whether for district-wide PD days, late-start schedules, or multi-session cohorts.

Partner with SMCAA Today

Whether you are updating your district's curriculum, strengthening daily classroom instruction, or seeking targeted coaching for your teaching staff, SMCAA is ready to support your vision.

Contact us today to discuss your district's needs and build a custom professional learning plan.
